In the article by Christine P. W. Wong, "Fiscal Reform and Local Industrialization: The Problematic Sequencing of Reform in Post-Mao China," which appeared in the April 1992 issue, two errors were introduced by the printer.

Page 209: There should be no parentheses in the equations. The relevant portion of the affected equation should read:

2. If $E^* > Y_f$, $a_1 = 1$, and $a_2$ is set such that
   
   $E^* = Y_f + a_2 Y_s$, where $0 < a_2 \leq 1$.

Page 212: Again, there should be no parentheses in the equations. The relevant portion of the affected equation should read:

If $E^* \geq Y_n$, then $b$ would be set equal to 1, and

$E^* = Y_l + S$.
